

Whitegate Primary and Nursery School

Curriculum Vision

At Whitegate Primary and Nursery School, we are proud to provide a high quality, creative and challenging curriculum that is inclusive and ambitious for all.

We aim to create a culture of high aspiration and expectation, which is fostered within a secure, caring and happy environment. This will enable all children to achieve their full potential: developing both academically and socially.

Children will leave Whitegate as lifelong, independent learners, who are invested in their education, feel a sense of belonging as local, national and global citizens and are keen to play a positive role in society.

We aim for our curriculum to be one that **engages, enriches, enlightens** and **empowers**.

It is our ambition that children will be:

Engaged

- through an exciting, thematic curriculum, which is fulfilled through access to exciting lessons and state of the art technologies, and is designed for progression to enable children to acquire, deepen and connect their knowledge.

Enriched

- by the very wide range of activities (trips, visits, specialist visitors, extra-curricular sessions etc) that bring our topics to life and connect all learners with the wider world.

Enlightened

- with a deep knowledge and understanding of their world, developed through reinforcing our values, delivering PSHE and encouraging philosophical thinking.

Empowered

- with knowledge, skills and values to be able to control their life, claim their rights and make a positive contribution to society. This will be achieved through a sense of belonging and connection to the world and with a sense of agency and hope for the future.
